BUSINESS TECHNOLOGY SOLUTIONS

LG Fulfillment is your one-stop-shop for LG televisions, air conditioners, digital signage, and more. We offer unrivaled customer service and an easy and quick ordering system that efficiently delivers products and services to make our customer's lives easier.

An immediate advantage is our quick and easy credit approval process. This includes Net 30 credit terms that can be authorized within 24 hours or less during normal business days, as well as automatic approval of Net 30 status for customers in good credit standing with LG. For those LG customers, there is no credit application required. All that is needed is a signed Sales Agreement or Purchase Order from the customer. LG Fulfillment also accepts all major credit cards and orders will be processed approximately within 24 hours* or less.

Need a television and need it fast? We've got you covered with our large inventory of LG televisions that are in stock and ready to ship to you within 24 hours* or less from receipt of the order**. TVs and accessories are packaged together in one shipment to help eliminate customer confusion and downtime. For large and specialized projects, TVs and mounts can be staged and shipped together. LG Fulfillment is also has enhanced delivery and installations available. Our team is ready for your call and our goal is to provide a one hour or less response time on pricing and product information requests*, so call us today!

Our dedicated team of customer service representatives is available 24/7 to ensure that every customer is satisfied. Because we know how important availability and communication is to our customers, all orders and deliveries are tracked in our automated system and you will be engaged from the first point of contact to the moment of delivery.

Call us today at 800.918.4000 or email us at sales@lgfulfillment.com to let us design a solution that enhances the visitor experience and your ease of doing business.

HOSPITALITY TELEVISIONS

LG's Hospitality TVs have long been a part of leaving a positive impression whenever guests find comfortable accommodations that suit their needs. LG's commitment towards achieving the highest standard of excellence enables us to deliver the best solutions and products in the hospitality industry. LG's hotel TVs provide the built-in capability to support customized applications and services through a wide array of system integrators and service providers.

LG hospitality TVs include Pro:Idiom® (digital encryption) scrambled HDTV, 2 Year on-site warranty service, lock down swivel base stand, and remote management. Other features include a start channel, volume limiter, and channel labeling.

TV SYSTEMS

DIRECTV® has the widest selection of sports, informational, and entertainment programming available anywhere. Whether your need is entertainment or business-oriented programming, we carry 100% digital quality video and audio offerings. With over 160 channels of the hottest Hollywood blockbusters, original series, and sports programming, patients can choose from a great variety of specialized TV packages like Family Favorites, and more.

The groundbreaking DIRECTV Residential Experience Plus returns the TV to its rightful place—the focal point for in-room entertainment. Now your guests get over 100 channels of HD programming plus DIRECTV CINEMA®, the premium entertainment library with the latest movies they want to watch, when they want to watch them, and on the best screen available—the hotel room HDTV.

HVAC SOLUTIONS

PTACs

LG PTAC units are an economical way to cool and/or heat your rooms. Whether assessing construction costs, maintenance costs, or operating costs, PTACs allow for the flexibility to control energy expenses room-by-room, rather than building-by-building. If you need service or maintenance, the units easily slide out of the sleeves and can be replaced simply by sliding in a new unit. The dual air filters are front-loaded for easy cleaning, and can be interchanged left or right. LG was among the first manufacturers to include a cross-flow fan for quiet operation, and continues to add innovative improvements to maximize your investment and control your energy use.

Duct-Free Systems

Duct-Free Split systems, also known as split, ductless, ductless mini split, or mini splits, were developed to provide efficient home comfort in homes where space and high energy costs were at a premium. A duct-free split system is simply a reconfiguration of a conventional central air conditioner, consisting of an outdoor inverter-driven compressor, one or more indoor evaporator units, and a compact conduit for refrigerant piping and wiring. And because each indoor unit has its own thermostat and remote controller, temperatures can be customized for each zone enabling you to individualized comfort you never thought possible in every room of your home.

Air Purifiers

Take in a breath of fresh air with stylish, smart, state-of-the-art air purifiers from LG. Ultra quiet, yet offering powerful filtration that reduces the harmful substances in the air, these innovative purifiers leave your home feeling fresh and clean, while potent sterilization removes floating viruses and germs in the air.

DIGITAL SIGNAGE

As a tool, digital signage can effectively increase communication in your facility. Internal corporate communications, brand awareness, and advertising are easy wins with our variety of options. These displays can help you increase impulse purchases as well as educate and inform through widgets for weather, news, stocks, flight information, events, dining, etc.

Our LG digital signage display options have powerful CMS platforms, screens from 10" to 98" single screen application, and scalable video wall applications with LED panels, OLED, and direct view LED technologies. We can help guide you through the process of choosing the right hardware, CMS platform, and meaningful content design to maximize your investment.

Signage Products

- OLED
- Ultra Stretch
- Standard Signage
- Overlay touch and multi-touch experience
- Ultra HD screens

- Content Creation and Installation Services

MOUNTS, REMOTES, & MORE

LUCASEY
Manufacturing Corporation

Mounts

One of the perks of a flat-panel television's light weight and thin depth is the ability to easily mount it in variety of ways. Our team can help you assess which mounts will work best for your facility's needs. Don't forget to ask your sales representative about our enhanced delivery and installation options.

 **LG**

Remotes

Simply click, point, scroll, or use voice commands to change the channel, search for something new, and more. LG remotes can be used to operate your connected devices and help your guests spend less time navigating confusing menus and juggling multiple remotes, and more time enjoying in-room entertainment.

LG styler Steam
Clothing Care

More

We at LG Fulfillment pride ourselves on the ability to offer you a variety of LG products at great prices with fast delivery. A great example of these products is the LG Syler, a personal steam clothes refresher designed to keep you always looking your very best with minimal effort on your part.
