

CUSTOMIZED LONG TERM CARE TECHNOLOGY SOLUTIONS

You've selected great LG products for your facility, but now what? Did you know that LG Fulfillment can make your life easier with our menu of complete turnkey solutions?

That's right! LG Fulfillment offers value-added nationwide transportation services that take you from selecting the right equipment to full delivery, installation, and debris removal. You also get the added convenience of bundled shipments, meaning your TVs, mounts, and accessories all arrive together! Our team is also Pro:Centric Direct certified, as well as an authorized DirecTV dealer. And, to provide a complete turnkey service, we also offer content creation, content management, and full project management services. Our goal is to provide you with a completely seamless process that will save you and your staff time and money. All of our services are flexible and fully customizable to fit every facility's needs, because your satisfaction is of the utmost importance.
