Air Conditioners

PTACS

LG PTAC Units
PTAC Heat Pump 208/230V - HDUC Series

LG 42” Packaged Terminal Air Conditioner, 208/230V, Heat Pump, R-410A. Power cord purchase is required for heating.

Available from 7,000 - 15,000 BTUs. Power cord purchase is required for heating

LG PTAC Units
PTAC Heat Pump 265V - HD3B Series

LG 42” Packaged Terminal Air Conditioner, 265V, Heat Pump, R-410A

Available from 9,000 - 12,000 BTUs.

LG PTAC Units
PTAC Heat/Cool 220V - CDUC Series

LG 42” Packaged Terminal Air Conditioner, 220V, Heat/Cool, R-410A

Available from 9,000 - 12,000 BTUs.

LG PTAC Units
PTAC Heat/Cool 265V - CD3B Series

LG 42” Packaged Terminal Air Conditioner, 265V, Heat/Cool, R-410A

Available from 9,000 - 12,000 BTUs.

DUCT-FREE

LG's home comfort and light commercial air conditioning systems are made up of two or more units: an outdoor unit and one or more indoor units that bring conditioned air to the room. Compact refrigerant lines run between the units, minimizing the need for bulky ductwork.

Single Room Solutions
Single-Zone Systems

- ENERGY STAR® Certified
- Available in a variety of indoor unit styles
- Low sound levels
  (as low as 17dB - Art Cool™ Premier sleep mode)
- Quick and easy to install
- Attractive designs
- Powerful performance in cooling and heating:
  up to 27.5 SEER and 12.5 HSPF

Art Cool™ Gallery

Art Cool™ Premier

Multi F, Multi-Room Solutions
Multi-Zone Systems

Multi F MAX Outdoor Unit

- Supports anywhere from 2 to 8 indoor units
- Dual, tri, quad, and eight zone systems available
- Energy-efficient inverter operation: up to 22.0 SEER
- Space-saving indoor units

AIR PURIFIERS

LG AS401VGA1
Air Purifier

KEY FEATURES

- Captures 99.97% of particles as small as .03um
- Smart Air Quality System
  PM 1.0 Sensor: Senses fine particles 1.0um (Microns) and below
  Smart Indicators - Display + 4 Color LED
  Inverter Motor: Enables auto fan speed adjustment based on air quality
- PuriCare™ Filtration System
  Permanent, Washable Pre-Filter
  PuriCare™ Micro Particle FIlter
  Deodorizing Filter (Reduces odors, VOC's, and Formaldehyde)

PDi Communication Systems, Inc

HOSPITAL GRADE HDTVs

PDi Persona P14W

14” Arm-Mounted Patient Display

The Persona P14W arm-mounted display reduces neck, back, and eye strain by providing a high quality viewing experience in close proximity to the patient. The Persona P14W display is equipped with MPEG4 and Pro:Idiom, giving access to more HD channels with DirectTV or Satellite programming. It’s simple backlit touch keypad easily controls volume, channels and settings.

A 14” display mounted in close proximity to the viewer is equal with a 90” TV screen across the room. The P14 is designed for infection control. The full glass front and antimicrobial plastics help limit HACs and is durable for rigorous cleaning.

Key Features

- UL Listed
- LCD Widescreen HDTV
- LED Backlit Keypad
- USB Cloning
- Touch Keypad Controls
- Anti Microbial Glass Screen and Cabinet
- Low Voltage
- Easy USB Cloning
- Back case available in Cream, Black, and Grey

PDi - P19

All-In-One 19” Arm Mounted Interactive Patient Display

The PDi - P19 delivers expanded entertainment options with the ability to surf the web, download and play games, listen to music, watch TV, and more. The open-source system allows custom integrations of patient education and engagement apps to assist healthcare providers with communication and workflows, providing a higher quality of care to the patient.

PDi’s bedside technology solutions create intimate personal environments where patients feel at ease while viewing personal health records, video conferencing with doctors or loved ones, and accessing social networks.

Key Features

- Great picture quality in HD resolution
- Easy to clean antimicrobial touchscreen + cabinet
- UL Listed and Low Voltage
- USB for Media + TV cloning
- HDMI
- Camera/Microphone
- Wifi or Ethernet
- Availible with Android™

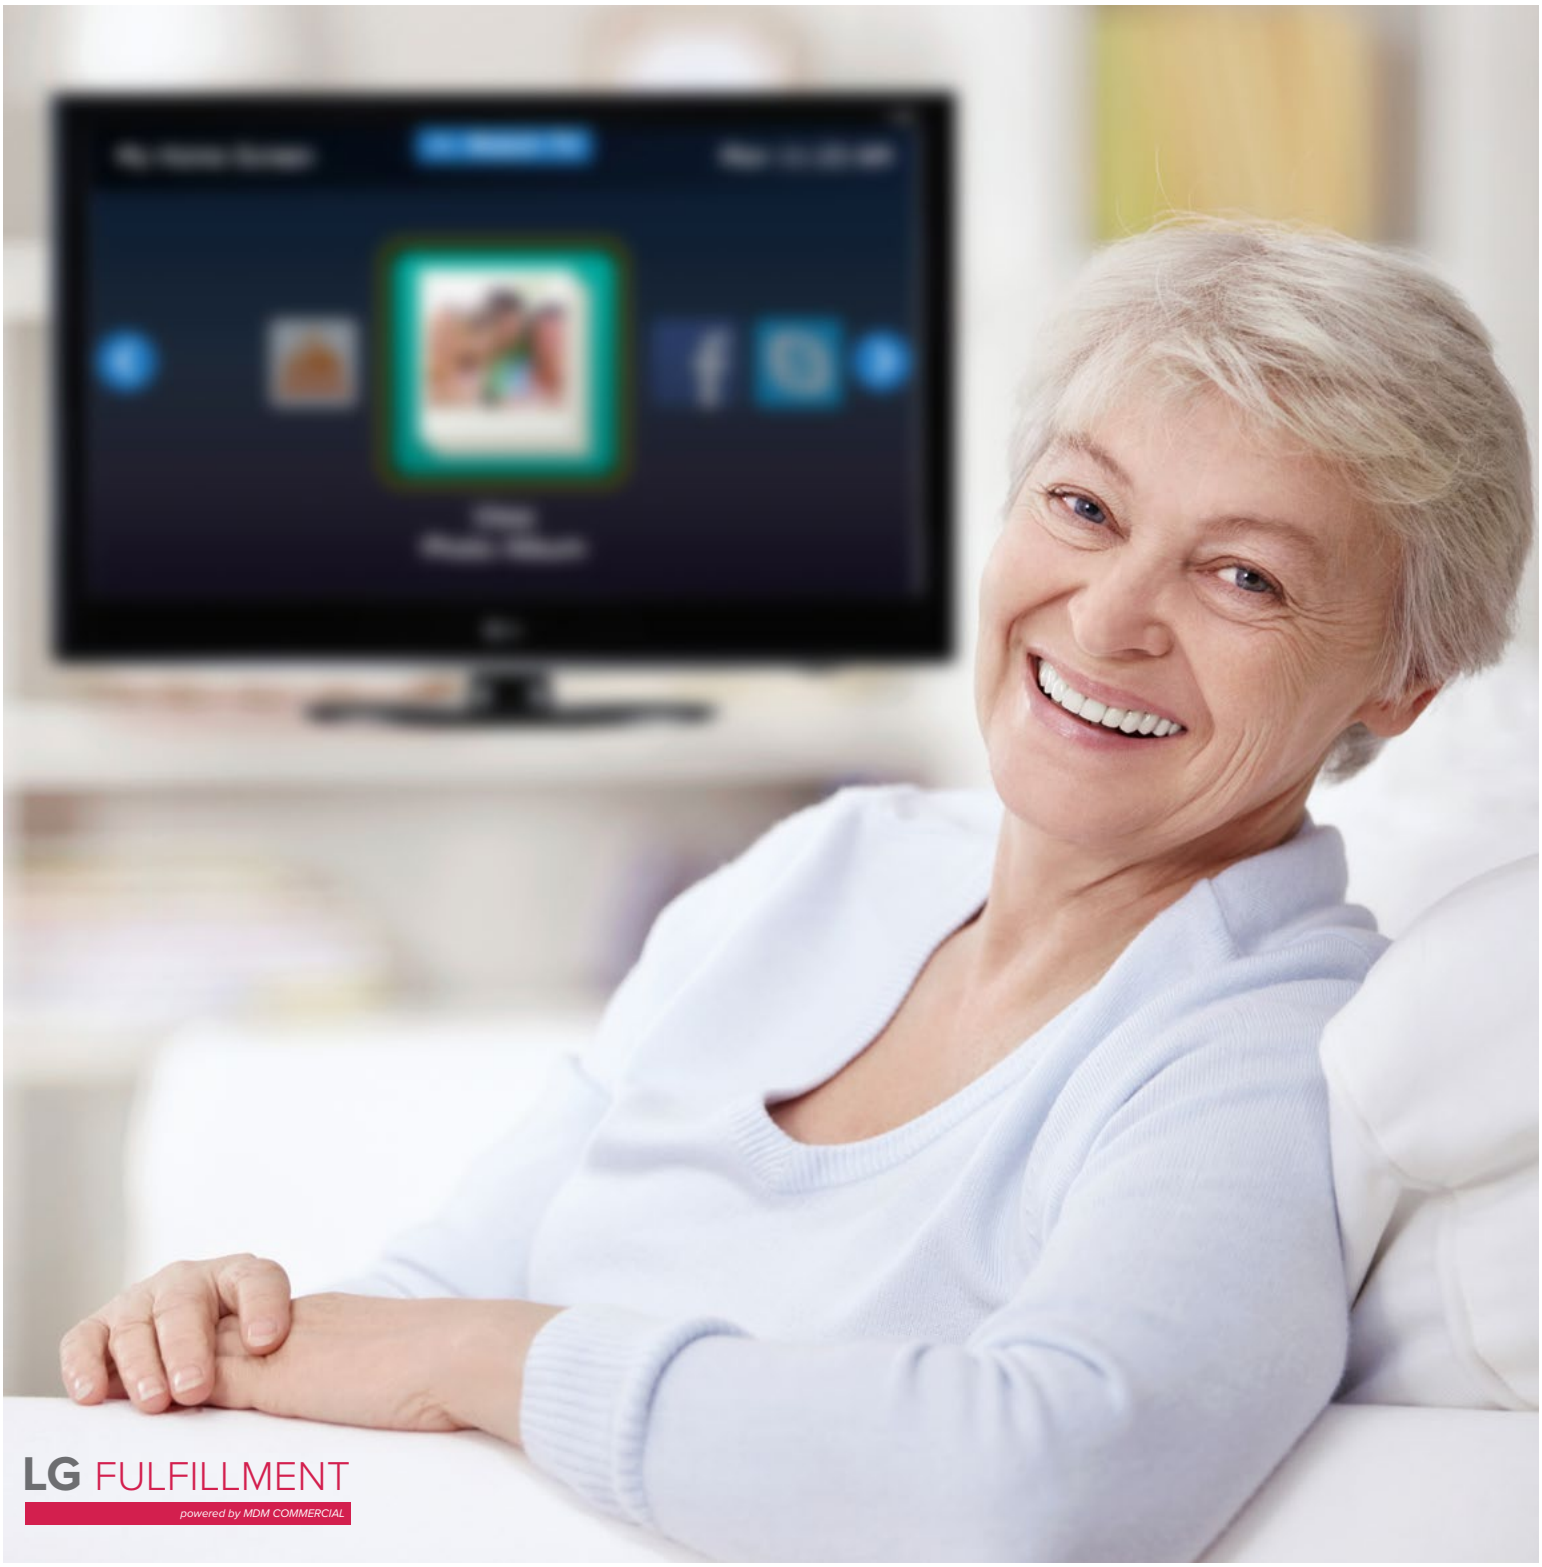
AC Wall Bracket Power Supply

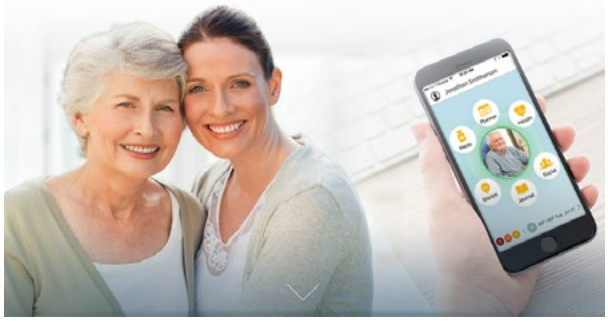


Resident Experience

INDEPENDA™

A subscription services platform offering technology-enabled, independent-living solutions for the elderly.

- Build your brand and promote your commitment to resident satisfaction with easy-to-use, intuitive, and cutting-edge technology. Independa™ allows residents to engage with their loved ones from the comfort of their couch, so they feel at home on day one – and happy residents result in increased occupancy. Independa enhances residents' sense of control, independence, and community. Staff satisfaction increases as well, because interactive enterprise services make it easy for your staff to spend more time leading meaningful activities with your residents.
- Your residents can now switch between watching their favorite shows and engaging with family and friends. With Independa, they can connect to their loved ones quickly and easily just by using a simple TV remote – without changing inputs or channels. Friends and family can video chat, share photos, and personal messages, or receive alerts when something isn't quite right, and collaborate with staff via an easy to use journaling function. If appropriate for the person or your community, additional services are also available to outside family members, such as better managing medication reminders, monitoring their loved one's health through connected health devices, or "IoT" sensors.



Independa is the must-have technology for organizations caring for the elderly or impaired.

INDEPENDENT-LIVING SOLUTIONS

Interactive community calendars enable your team to receive real-time RSVPs as residents easily sign up for events with the simplicity of their TV remotes. Dining menus reduce staff workload and improve resident participation in meals. Community broadcasts can go to all residents at once, or just to those within a specific group, for example on the meal plan. Educational or community videos can be delivered on demand, right on resident TVs! Community-created or ProMatura-based surveys provide invaluable insights into what's driving resident satisfaction on a more frequent basis and at dramatically lowered costs than ever possible before. Independa is the amenity that improves the lives of your residents, the peace of mind of their friends and family, the efficiency of your staff ... and your bottom line.

hearTV™ un-muted
A Division of TV•EARS®

hearTV™ SERVICE

ENHANCES THE GUEST EXPERIENCE OF ALL AGES

Stream TV audio to your phone, tablet or laptop.

hearTV™ is the most advanced, fun and versatile TV listening system on the market. The hearTV™ transmitter streams the TVs audio over Wi-Fi, to any smartphone, tablet, or laptop.

Allows guests to talk on the phone, send email, and surf the internet, all while listening to their favorite TV program.

Key Features

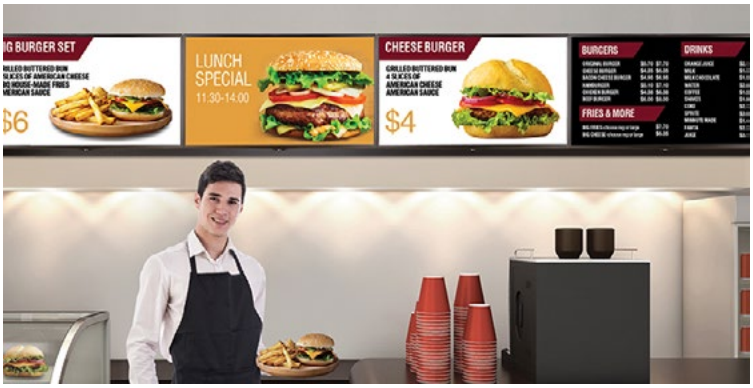
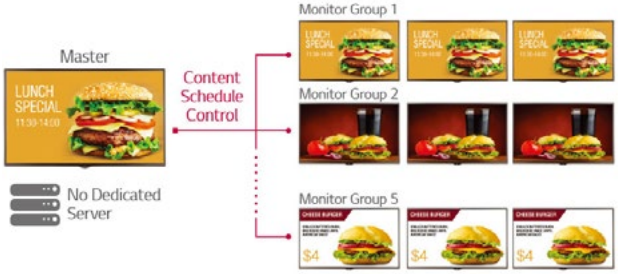
QUAD CORE SOC*
Built into this signage is a Quad Core Processor. This is the engine behind the webOS platform that allows fast loading of apps and menu’s, as well as multi-tasking between apps. The result? Quick access to content and smooth playback.

WEBOS 3.0
With webOS 3.0 you can build apps and construct your own customised signage solutions using the LG Software Development Kit (SDK) and display logos during screen idle time (i.e. boot up, lost signal).



GROUP MANAGER
Content can be created, distributed, and controlled by a signage without a dedicated PC or server.



PBP (PICTURE-BY-PICTURE) /
PIP (PICTURE-IN-PICTURE)
PBP (Picture-By-Picture) and PIP (Picture-In-Picture) features enable you to compose various layouts for several digital devices.

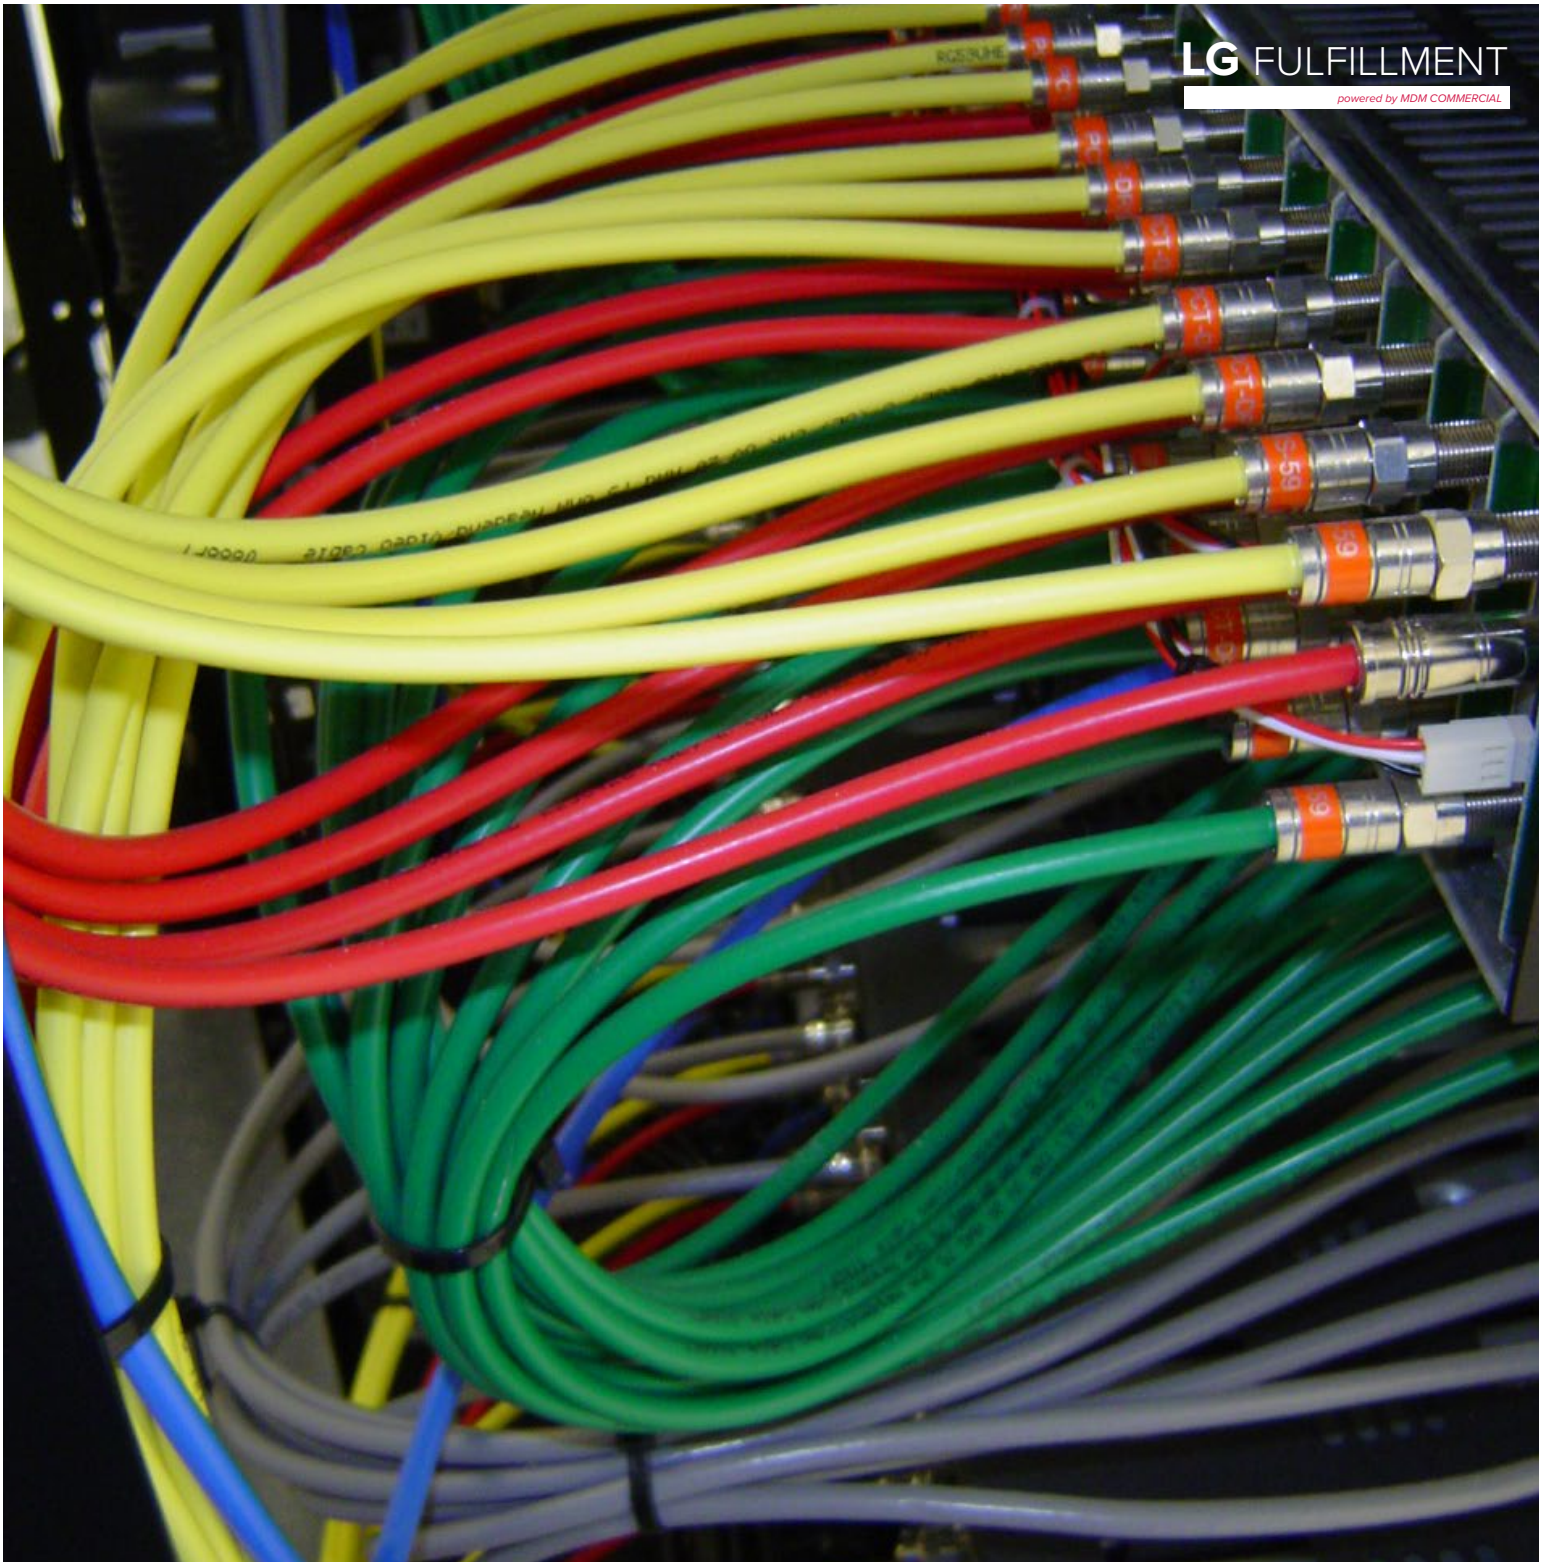
- Adjustable 90-degree swivel
- Capable of securing larger flat screens up to 42”
- FSF12 for surfaces of any depth uses 1/4” screws or threaded rod of any length
- FSF14 for exposed shelf maximum 2-1/4” thickness bolts through countertop with 1-3/4” hole
- Requires flat screen adapter



Headend Equipment

HIGH-DEFINITION

LG Fulfillment's modular digital headend system is designed to bring your facility the advantages of high-definition, small-dish DSS programming. Each system is custom-engineered to your needs, tested, and shipped fully assembled to make installation quick and easy. Included are all racks, receivers, antenna, modulators, splitters, and combiners required to produce proper RF output levels.

DSS
DIGITAL HEADEND

- Each channel has an individual receiver and modulator
- All components are rack-mounted and shipped ready to connect to MATV system
- Frequency agile modulators allow easy change in channel lineups
- Local maintenance available
- Headend can be leased or purchased

DIRECTV

TV SYSTEMS

DIRECTV® has the widest selection of sports, informational, and entertainment programming available anywhere. Whether your need is entertainment or business-oriented programming, we carry 100% digital quality video and audio offerings. With over 160 channels of the hottest Hollywood blockbusters, original series, and sports programming, patients can choose from a great variety of specialized TV packages like Family Favorites, and more.

DIRECTV® PROGRAMMING PACKAGES

- High-Definition (HDTV) programming*
- CNN, Fox News, Weather Channel
- NBA TV, NHL, and NFL
- ESPN, ESPN2, FOX Sports, and more

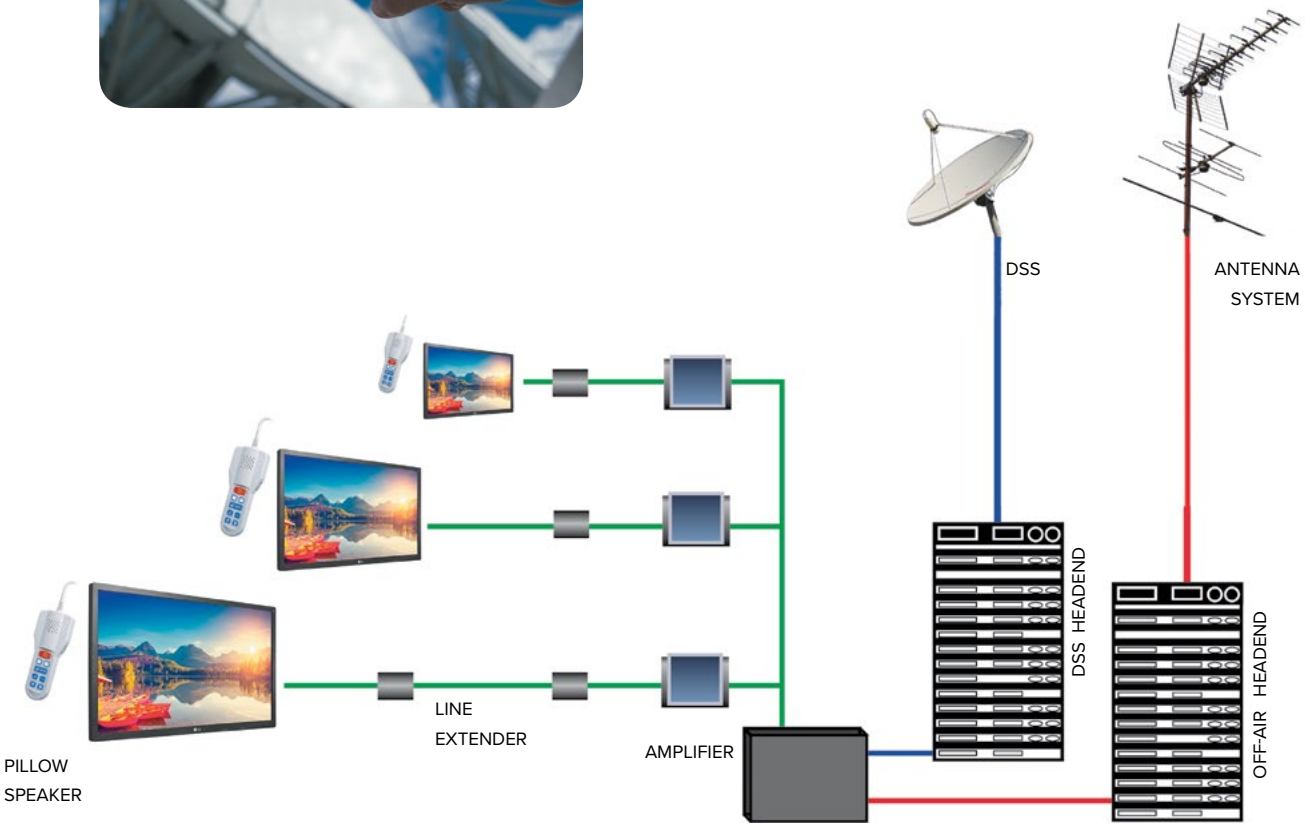
Television Distribution Systems

RF Distribution System

LG Fulfillment eliminates the confusion in distribution of off-air (local) TV signals and DSS satellite signals (cable) throughout your long term care facility. Experts in television system technology and installation, LGF's staff works with you to evaluate your current system, assess the capabilities of your operations, and determine the requirements needed to meet both present and future needs.

We custom design and build or redesign and upgrade your RF Distribution system to meet your long-term care facility's needs. No system is too large or too small for LGF's experienced engineering team.



We can upgrade your existing Television System into a modern delivery platform

LG Fulfillment is a complete solutions provider of patient-focused equipment and network services for hospitals and healthcare facilities of all sizes. Since 1990, we've provided industry-leading customer service, professional project management, and the latest technology available for healthcare customers throughout the U.S. Our commitment to providing complete solutions has led to partnerships with professional solution providers, including Z-Band, to offer the industry's most advanced healthcare television RF Video distribution systems.
